

Caribbean Preparatory Meeting for 2012 International ICT Fora Barbados December 5, 2011

Cathy Handley
Executive Director Government
Affairs

About ARIN

- Regional Internet Registry (RIR)
 - Established December 1997 by Internet community
- 100% community funded

ARIN's region includes Canada, many Caribbean and North Atlantic islands, US Minor Outlying Islands, and the United States.

What do we do?

- One of five Regional Internet Registries (RIRs) in the world.
- Provide services related to the technical coordination and management of Internet number resources
- Manage the distribution of Internet number resources, process transfers, and provide WHOIS services, routing information, and reverse DNS.
- Facilitate policy development
- Participate in the international Internet community

International ICT Fora

- Members of numerous international organizations such as ITU-T, ITU-D, CITELE, recently applied for CTU membership
- Important to be prepared and to participate
- November 2012 WTSA
- December 2012 WCIT
- Numerous issues in numerous fora

WTSA Preparations

- ITU-T SG2 March 2012
- ITU-T SG3 January 2012
- CITEL PCC1 December 2011, 2012
- Regional ITU WTSA preparations – 2012

- Many of these issues feed into both WTSA and WCIT – i.e. Misuse of numbering resources

WTSA Issues ARIN is following

- PP Resolution 178: ITU role in organizing the work on technical aspects of telecommunication networks to support the Internet

Instructs the Director of the Telecommunication Standardization Bureau, in consultation with the Telecommunication Standardization Advisory Group

2. to evaluate and present a proposal on adjustments to the current structure of ITU-T in order to fulfill the directive set forth in resolves above, by possibly suggesting the creation of a specific study group or other group on these matters;

- Correspondence Group formed but no activity other than one email, and the information cannot be accessed, as it requires a password.

WCIT Preparations

- CWG-WCIT12
 - 27-29 February 2012
 - 23-25 April 2012
 - 20-22 June 2012 Final Meeting
- Regional ITU WCIT preparation meetings held in conjunction with regional ITU WTSA meetings throughout 2012

WCIT Issues ARIN following

- SPAM
 - ARIN, LACNIC and the other RIRs work closely with several international organizations to eliminate Spam
 - Unfortunately most Spammers excel in their field and are not law abiding
 - Constantly working to apprehend and shut down spammers
 - Treaty issue?

WCIT Issues continued

- Internet related proposals
- ITU Recommendation compliance
- Network related
 - Security/Cybersecurity issues
 - Operational issues
 - Infrastructure
- Issues that may result from the differences in networks (Telco vs Internet)
- Issues not currently identified

Path forward

- ARIN will continue to participate in preparatory meetings
- ARIN will be available to CTU and others to assist in answering questions
- Email: chandley@arin.net

THANK YOU!
