Building National Capacity for Global Influence

Background	<p>The Caribbean Internet Governance Forum (CIGF) is a regional, multi-stakeholder forum initiated by the CTU and the Caribbean Community (CARICOM) Secretariat in 2005 to coordinate a regional approach to Internet Governance. The forum has since met annually and the primary products of its work have been the formulation of a Caribbean Internet Governance Policy Framework issued in 2009, the proliferation of Internet Exchange Points and Capacity Building in IG Principles.</p> <p>The 10th CIGF will address areas of high priority for further policy development and initiate the work to appropriately update the policy framework.</p>
